Re: Amended Use and Development Commitment of Evansville-Vanderburgh County Convention & Visitors Commission Building Corporation, as successor in interest to Evansville-Vanderburgh Convention & Visitors Commission (collectively "CVB") – Deaconess Softball and Baseball Complex (collectively "Deaconess Sports Complex")

Dear Neighbor:

Please excuse this impersonal legal notice, but the County's zoning code requires us to send you this notice letter by certified mail. Additionally, we are also hoping to send you in duplicate this same notice electronically, via your homeowners' association e-mail list, and by regular U.S. mail to ensure the ease of a timely delivery. So, please know you may receive duplicate copies of this letter.

The purpose of this letter is to notify you of the upcoming hearing date on the CVB's request to amend the Use and Development Commitment which was placed of record in 2013 pertaining to the Deaconess Sports Complex. As you may know, since many neighbors attended the meeting of the Keystone Homeowner's Association on Thursday evening, August 30 at Faith Bible Church, the CVB is pursuing an amended Use and Development Commitment to reflect current day activities and circumstances at the Deaconess Sports Complex. Since 2013, when the Deaconess Sports Complex was added, Heckel Road has been significantly improved and modified including road widening, a turn lane and the addition of sidewalks. The original Use and Development Commitment, in Paragraph 1(e), provided that reasonable efforts would be used to discourage access to the Deaconess Sports Complex from Heckel Road. The Amended Use and Development Commitment would delete Paragraph 1(e) given the now complete improvements to Heckel Road. It is our understand there was a vote of the membership of the Keystone Homeowners Association supporting this Amended Use and Development Commitment.

As was discussed at the August 30 meeting, there have been safety risks raised associated with having both the Goebel Soccer Complex and the Deaconess Sports Complex ingress-egress from the Green River Road entrance, which lacks an acceleration lane and has possible site line issues. Traffic is especially heavy at the end of every sports activity such that having Heckel Road and Green River Road available for use will best maintain improved public safety. And, County governmental officials have asked that we take this action to assure better safety and access alternatives.

Enclosed for your reference is a red-lined copy of the Use and Development Commitment showing the updates and changes made, and a copy of the new, proposed Amended Use and Development Commitment. Also enclosed is a "rezoning application", which we are required to submit to effect this change, even though there will be no actual change in the zoning, only an amendment to the Use and Development Commitment. There will be a hearing before the Board of Zoning Appeals on **October 18, 2018 at 3:00 pm** in Room 301 of the City-County Administration Building, Evansville, Indiana.

While you are not required to attend these hearings, we do greatly value your input on this matter. Please do not hesitate to call me at (812) 421-2200 ext. 205 or e-mail me at jtaylor@evansvillecvb.org. Additionally, you may call our attorney G. Michael Schopmeyer at Kahn, Dees, Donovan & Kahn, LLP at 423-3183 or e-mail him at mschopmeyer@kddk.com. We would both be glad to hear from you and answer all your questions and hear your perspective on the Amended Use and Development Commitment.

Thank you in advance for your anticipated support of this endeavor.

Cordially,

A handwritten signature in black ink that reads "Joe Taylor" with a stylized flourish at the end. To the right of the signature, there is a small handwritten note that appears to say "9/26/18".

EXHIBIT B

AMENDED USE AND DEVELOPMENT COMMITMENT

Evansville-Vanderburgh County Convention & Visitors Commission Building Corporation, as successor in interest to Evansville-Vanderburgh Convention & Visitors Commission as the petitioner ("Petitioner") applied for and obtained a Special Use designation for certain real estate situated in Evansville, Vanderburgh County, Indiana, more particularly described on Exhibit "A," attached hereto and by this reference made a part hereof (the "Real Estate"); and

WHEREAS, the Real Estate is currently classified as R-3, R-4 & A zoning districts under the Vanderburgh County Zoning Code and is so indicated on the zoning maps maintained by the staff of the Evansville-Vanderburgh County Area Plan Commission, with an SU-7 Special Use designation; and

WHEREAS, Petitioner, to accommodate possible concerns of surrounding property owners, made a written commitment concerning the use and development of the Real Estate pursuant to I.C. 36-7-4-1015 recorded as Instrument 2013R00033066 (the "UDC") in the office of the recorder of Vanderburgh County, Indiana, and now wishes to amend the same; and

WHEREAS, Heckel Road has been improved and enlarged to accommodate traffic to the Real Estate such that provision 1(e) of the UDC discouraging access to the Real Estate from Heckel Road should be deleted in its entirety.

NOW, THEREFORE, in consideration of the foregoing, Petitioner and Owner make the following use and development commitments concerning the use of the Real Estate:

1. Use. This Use and Development Commitment shall not prevent or be construed to prevent future rezoning of the Real Estate or amendment of this Use and Development Commitment in the manner provided by law.

Use of the Real Estate shall be limited to the following uses permitted in the SU-7 zoning districts, as described below effective as of the date of this Use and Development Commitment and as approved by the Vanderburgh County Area Plan Commission, and use of the Real Estate shall also include all other reasonable and necessary uses allowed in SU-7.

The Petitioner:

(a) Shall construct and maintain the improvements upon the Real Estate in a design similar to that shown in the Project Summary attached hereto as Exhibit "B". Without limitation, the Petitioner shall construct and maintain a park trail in a design similar to the park trail outlined in item 26 of Exhibit "B", and shall allow access to neighbors each day to and from the park trail and any green space and play areas (other than the softball/baseball play fields and surrounding areas that are shown as separately fenced on Exhibit "B") on the softball and baseball complex through a man gate accessible from Heckel Road from dawn to the later of dusk or the time that the lights for the fields are turned off, provided however, that during tournaments at the Real Estate vendors and team use of the green space and park trail may limit neighbors use. Further, the parking lots shall be located to the north of the fields;

(b) Shall abide by the following as it relates to lighting:

(i) Lighting for all field areas shall be Musco Light-Structure Green with full shielding or similar lighting, but in any case, all field, parking lot area and other lighting shall be fully shielded and horizontal light trespass shall not exceed .5 foot candles along the north side of Heckel Road as that road exists as of September 18, 2013. Internal optics and external visors shall be used on all sports lights fixtures to reduce spill and glare issues and shall be as dark-skies friendly as technologically practical;

(ii) No lighting shall be turned on more than 30 minutes prior to dusk. Field Lighting shall be turned off by 10:30 PM and all lighting shall be turned off by 11:00 PM on any night for which school is scheduled to be in session on the following day in the Evansville Vanderburgh School Corporation (or any successor that serves students in what is the Oak Hill elementary school district at the time of the filing of this Use and Development Commitment) (a "School Night"). On nights per other than School Nights, field lighting shall be turned off by 11:00 PM and all lighting shall be turned off by 11:30 PM. Despite the foregoing, the following exceptions shall exist. In the event that there is a delay in a game caused by weather (other than heat and/or heat index), the lights are permitted to remain on until the earlier of the conclusion of the game or one hour after the time that the lights would otherwise be required to be turned off. The Petitioner may from time to time designate up to a total of 25 nights each year as a Permitted Late Tournament Night. Permitted Late Tournament Nights may only be on Friday or Saturday nights. During Permitted Late Tournament Nights, field lighting shall be turned off by 1:00 AM the next morning and all lighting shall be turned off by 1:30 AM the next morning. The Petitioner may also from time to time designate up to ten School Nights as Late School Nights. During Late School Nights field lighting shall be turned off by 11:00 PM and all lighting shall be turned off by 11:30 PM.

(iii) In order to keep game activity as far north as possible after dusk, during any time that field lights are permitted to be on, if at any time not all of the fields of play are required for game use, the Petitioner shall cause the fields to be taken out of play in a south to north order. When a field is not being played upon, the field lights on it shall be turned off.

(c) Shall install all stadium speakers to face inward toward the northeast direction within the complex, and all noise from any speaker or other amplified sound source shall not exceed 70 decibels as measured from any point along the north side of Heckel Road as that road exists as of September 18, 2013. Access to the sound and speaker system shall be limited to tournament play, and no speakers or other sound amplification device shall be used after the time that field lights are required to be turned off above;

(d) Shall maintain a six foot (6') privacy fence along the entire south side of the complex; and

(e) Intentionally deleted.

(f) Shall not sell alcohol upon the Real Estate during any youth tournament in which the fields are fully occupied by youth players and shall not sell recreational drugs (even if it becomes legal to do so) upon the Real Estate.

2. Enforcement. All commitments and undertakings herein expressed shall be binding upon Petitioner, its successors and assignees, and shall run in favor of the Area Plan Commission of

2. Enforcement.
